

Editorial

This issue of the Libraries for Nursing Bulletin focuses on some of the changes that have recently taken place with databases and interfaces. Many of us have acquired or will be acquiring new versions of CINAHL and the Online Midwifery Archive, Intermed or Internurse, so I am grateful to EBSCO and Mark Allen Group for contributing articles on the background to their products. I hope readers will find lots of handy tips.

This is my last Bulletin for a while as I am off on maternity leave at the end of June. I'll make some use of all the midwives I've helped over the last three years! In the meantime if you have any queries about the Bulletin or would like to contribute an article please contact Jane Shelley, chair of Libraries for Nursing j.shelley@anglia.ac.uk.

Wishing you all well...
